

Let's talk about REAL News!

Simple: I'll take one of your reporters **a few days ahead of time to any future event or meeting of your choice**. He/she will live the event and narrate it. The session will be recorded/filmed. The whole session/interview will last about one hour.

If "*Communicating with your pets*" is News, what about going forward in time? **I'll show you that it is possible**. Don't take my word for it; just check it for yourself.

*Call Janie Jones at **1-888-263-9637** for more information
or to schedule an interview with Petrene Soames.*
